

REPUBLICAN FRIENDS OF ISRAEL
National Outreach Program
Securing Freedom, Strength and Democracy

(West Orange, NJ) December X, 2010 –The Republican Friends of Israel, following on the heels of an enthusiastically received launch in New Jersey, is proud to announce the formation of a national outreach program that will bring together concerned Republicans from across the country who seek freedom and democracy in the Middle East.

The brainchild of a group of committed and dedicated New Jersey residents, the Republican Friends of Israel plan to focus their work on supporting the democratic nation of Israel in an enduring effort to promote peace and participating in activities that contribute to the mutual social, economic and political benefit of both Israel and the United States.

A strong and free Israel is vital to American foreign policy and RFI believes that the commitment of the United States to remain a staunch ally of Israel is best served by generating ongoing support for a strong and free Israel among Republican officeholders, candidates and rank and file Republicans.

“Republican Friends of Israel is a political, non-sectarian, organization dedicated to electing Republican candidates on the federal, state and local levels who share RFI’s vision to maintain the unshakable bond between the United States and Israel,” said founder Mark Meyerowitz.

Alarmed by the current administration’s pressure on Israel while simultaneously courting Arab and other anti-Israel forces, the Republican Friends of Israel offers an opportunity for fellow Republicans to unify their support for Israel.

In spite of the fact that it is a small country with limited natural resources, Israel is a world leader in agriculture, healthcare, technology, anti-terrorism, environmental studies and the arts.

“In a world where dictatorships and theocracies crush human rights and condemn their people to endless poverty, people of all religions are free to practice their faith in Israel. A bastion of democracy in a region that is dominated by dictators, both secular and religious, Israel stands out as a trusted friend of the United States” said Mr. Meyerowitz.

Republican Friends of Israel is a non-profit organization with a membership that is open to Republicans on a nationwide basis.
